

TOWN OF HUNTS POINT

PLANNING COMMISSION MEETING AGENDA

**Monday
March 25, 2013
6:00 P.M.**

- I. Call to order
- II. Roll Call
- III. Approval of Minutes of February 25, 2013
- IV. Hunts Point Circle Design Charrette

Purpose: To develop a design concept for the roadway addressing issues such as pavement edge, parking, use of public ROW, traffic speed, drainage, and ROW/property interface. Basically, we will look for ways to make your street more functional, safe and attractive.

6:05 Introduction

6:10 Discussion of existing conditions and issues to be addressed.

Depending on attendance we will either sit around a table with map or hang map, photos and aerial on wall and participants will point out specific issues or problems that need to be addressed. Note width of ROW and safety issues as well.

6:45^{+/-} Possible Solutions:

MAKERS will sketch out different options suggested by participants. Included in the discussion:

8:30^{+/-} Direction : Group will select options for MAKERS to refine and visualize.

9:00 Adjourn

Note: Items may be discussed that are not listed on the agenda.
